

Coffees Of Distinction

"Coffees of distinction ... one cup at a time"

At-Home Pods

Breakroom Pods

*Only the highest quality coffees make our pods.*

Enjoy freshly brewed coffee (or tea) any time at all with Café Classics myriad pod choices...origin, roasts, and blends as well as black tea, herbal tea and green tea. We will have the perfect pod for you. Café Classics Coffee Pods are slow roasted to allow all of the subtle (and, not so subtle) nuances of each coffee to shine, either as a single origin or as a blend. We then package our pods in the finest film while we remove 98% of the oxygen which allows for maximum freshness. Try them all:
