

HEALTHY SNACK INFORMATION

Vistar recognizes the increased demand from your customer's to provide healthy alternatives in their vending machines. We also recognize that school demands are different than institutional demands, as well as school guidelines being different in each state. We are committed to bringing you information and products to meet those needs. VISTAR'S website offers great information on products available and links to manufacture's healthy programs. Please visit our website link below or seek out any of our sales professionals for further information.
